## **ABOUT THE FOCUS POINT**

FOCUS POINT is a setup that provides preparatory classes of CA, CSS, and ACCA and also provides specialized training in Financial Education and other IT courses since 2012 through the recorded model. FOCUS POINT has produced a number of outstanding results in the past and striving to achieve the same in the future. Our setup has always focused on a niche market and made its present better than the past and will be making its future better than its present.

With reference to FPs investment in IT, FP holds more than 15 Android, IOS, desktop, and web apps including gaming apps. 15 is a number that is far beyond the industry benchmark and FP will increase its growth rate of product launching in the coming years.
